

Quilt Block of the Month

BEAR TRACKS

Color of Background - Cream, tan or off white

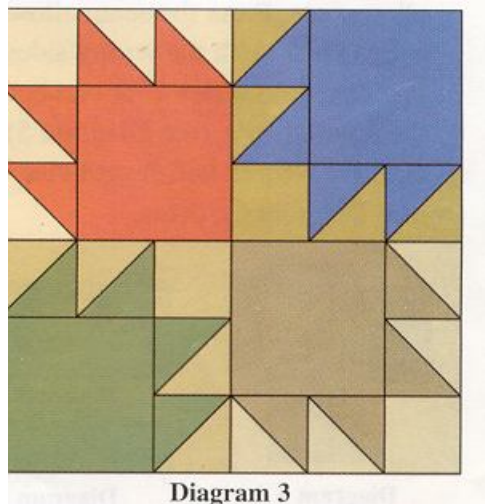

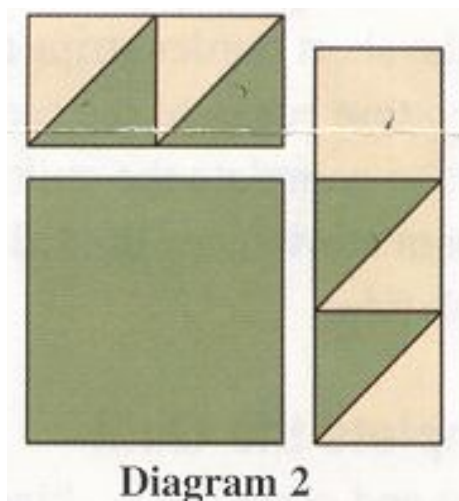

Color of Bears Paws - Green, red, rust, brown, blue or gold print

Background - One 2 ½ inch square and two 3 inch squares

Bears Paws – One 4 ½ inch square and two 3 inch squares

One paw equals 6 ½ inches- 4 paws equal 12 1/2 inch square.

1. Join one paw square to one background square - Use quarter inch ruler and mark a center line and then mark a line ¼ inch from center line on each side. Sew down the sides and then cut each in half down the center. Trim to 2 ½ inch square. Repeat one more time. You now have 4 ½ sq triangles.
2. Join units - one 4 ½ inch sq and 4 pieced triangles and one 2 ½ inch sq. See diagram 2
3. Make four of these paws and join them together with 2 pairs (paws) facing each other and 2 sq back to back. See diagram 3.
